

Alan and Mitch Holyoake

We are delighted to support the Team who are making World Stamp Show-NY 2016 the greatest international philatelic event of 2016 a reality.

Without such support the show could never accomplish its goals to allow Stamp Collectors from across the world enjoy this fabulous occasion and encourage others to join a truly great hobby.

Alan Holyoake came to philately by accident and is now a leading enthusiast known worldwide.

His collections have so far gained three Grand Prix awards, including London 2010 and 2015, and three International Large Gold Medals in each of Traditional, Stationery and Postal History classes.

Alan has written many articles and his book *The World's First Postage Stamp* was an international success.

A member of a number of Societies, Alan founded the Collectors Club Friendship Cup.
